WHO WE ARE

WE REPRESENT THE CORPORATE GIFT DIVISION OF IMPORTANT HIGH FASHION AND DESIGN BRANDS

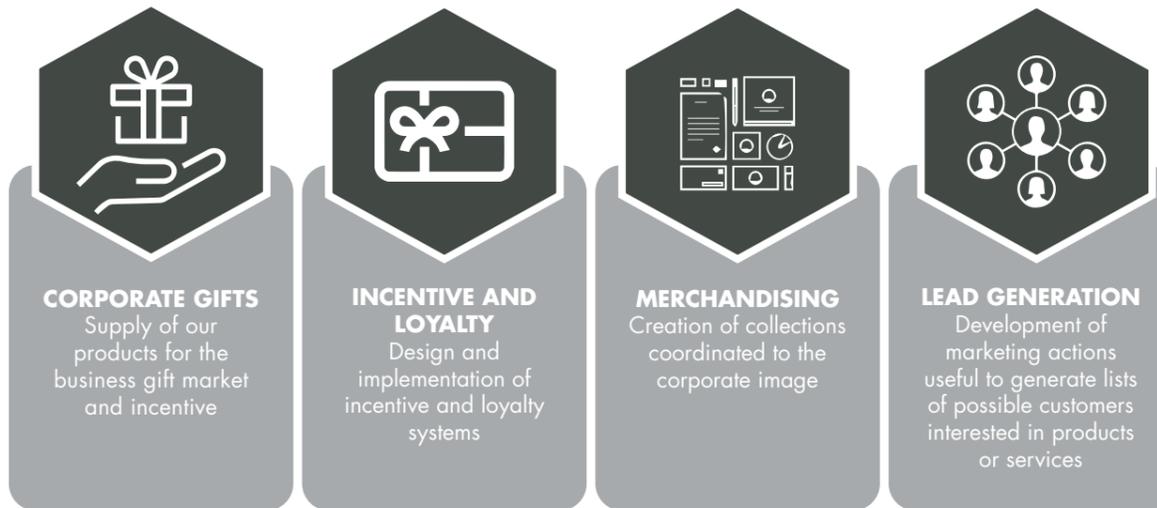

Our Brand's license and distribution agreements allows us to design, implement and distribute products and strategies for those who work professionally in the business gift and incentive sector.

The relationship of active collaboration with the designers of the brands we represent exclusively is one of the most important assets of our company: We follow the stylistic dictates of the brand, interpreting them with the unmistakable Italian style, so as to make each collection unique.

Whether it's a refined leather briefcase or a simple pen made of technical material, our focus is on creating exclusive objects that have a strong emotional impact and the perception of quality of the brand represented. The branded object, as well as an exclusive product to give as a gift, thus becomes a tool for incentive and loyalty activities.

OUR DIVISIONS

Structured and organized to provide the maximum possible support to your incentive and / or promotion campaigns.

CREATIVE WORKSHOPS

Specialists. Creative. Visionaries. Our designers must not only have talent in the art of creative design, but must be marketing experts, to understand how to promote goods and services through targeted visual communication.

STYLE OFFICE

The goal is always and only one, to be remembered, making the product "desirable" and the public "desiring". Creativity is the key ingredient of any successful campaign.

BEAUTY CHAIN

Development of commercial initiatives dedicated to the cosmetic sector

COMMERCIAL CONSULTING

You can take advantage of the skills and experience of professionals, specialists and consultants in the sector. We will help you to establish the objectives to be achieved, and to find the most suitable articles for perfect completion of your campaigns.

QUALITY

Our quality control is born with the idea of the product and accompanies it to the inside of our logistic structures. The constant search for quality throughout the production process of our collections, has led us to create an ad hoc division for continuous monitoring of productions all over the world. We use our specially trained inspectors dedicated to quality control at the production sites. In this way we can carry out a direct quality control by vertically following the entire production process from the choice of raw materials to the finished product.

LOGISTICS SERVICES

Precision, technology and efficiency are the guidelines with which our organization takes care of every order. Thanks to a large and replenished warehouse, at the forefront in the logistics management of goods and shipments, we are able to process orders received in 24-48 hours.

PROGRAMMED DELIVERIES

We can store, manage and organize your goods in our warehouses. We will handle your shipments on your behalf and with your delivery documents.

DELIVERY TO TARGET

DESIGN & DEVELOPING

We follow and control every phase of product creation, design, choice of materials, development and marketing. Key features are originality and innovation with which each object is selected and thought, blending aesthetic beauty with maximum functionality, to satisfy all market needs in the best way

MARKETING RESEARCH

Each product is the result of Geo marketing research and analysis, to read the needs of the market, understanding them and foreseeing them.

Knowledge of the territory is aimed at making product selection, communication, sales, distribution and customer service activities more effective and efficient. Furthermore, each product distributed complies with the territorial regulations in force. Products, services, strategies & tools to be productive ALWAYS.

LICENSE AND DISTRIBUTION

All products distributed are official products. Each product is designed and built in close contact with the brands we are licensed to guarantee that every single item respects and represents the brand's philosophy and standard. The Brand is our first customer. Not just distribution license. It will not be strange, in fact, to find our products, directly on sale at the official stores of the brands we represent.
